

Developments of Methods for the Skin Spectroscopy and Imaging
Développements de méthodes d'Investigations par Imagerie et spectroscopie de la Peau

SECOND ANNOUNCEMENT & REGISTRATION FORMS

Fifth Meeting of the Imaging Technologies of the Skin

5ème rencontres sur les technologies d'imagerie et de spectroscopie de la Peau

June 6th -7th, 2013

6 et 7 Juin 2013

In TOURS, France

Within the « Vallée de la Loire »...

Deadline for registration: May 15th, 2013
Forms A & B (visitor) or Form C (exhibitor)

For this new edition, in parallel to the recent developments of the technologies exposed last year, new imaging technologies for studying the skin will be presented: NMR for skin moisturizing, spectroscopy of the skin carotenoids, new OCT in vivo, Speckle Imaging...

Pour cette nouvelle édition, en parallèle des développements récents des techniques présentées l'an passé, de nouvelles technologies d'imagerie et de spectroscopie seront proposées : RMN pour la mesure d'hydratation cutanée, spectroscopie des caroténoïdes, OCT cutanée, Imagerie de Speckle pour la perfusion vasculaire...

New!! : Half a day is reserved for "case studies" or personal demonstrations, confidential and detailed contact with all exhibitors

Une demie journée sur RDV avec les exposants pour un échange confidentiel.

We look forward to welcome you to DIIP Day 2013!

Jean-Christophe PITTET- President
