

Development of Methods for the Skin Investigation and Imaging

Third Meeting of the Imaging Technologies for the Skin

October 28th, 2010

From 8:30 a.m to 5:30 p.m
l'Espace NOBUYOSHI– TOURS, France (See enclosed map)

For this new edition, in parallel to the recent developments of the technologies exposed last year, new imaging technologies for the study of the skin will be presented: OCT, Raman, NMR...

We look forward to welcoming you to DIIP Day 2010!

Jean-Christophe PITTET
Président

Thank you for your registration before the :
September 30th, 2010 (thank you to fulfil this formality asap)
